

HOWDY!

SPONSOR OUR ROAD TO THE 90TH TEXAS LEGISLATURE!

We believe the people most affected by pollution and climate change deserve a voice in the decisions that affect their health and future. We are seeking sponsors to help cover transportation, food, campaign merchandise, and educational resources so more people can take part in this important effort. Help us bring our communities together, make our voices heard, and push for a cleaner, healthier Texas. **Become a sponsor today!**
